

The Enclosure People Pte Ltd

PRODUCTS LINE OF THE ENCLOSURE PEOPLE PTE LTD

BRANDS	COUNTRY	DESCRIPTION
<p data-bbox="100 480 474 507"><i>Eaton, Cooper Crouse-Hinds</i></p> 	<p data-bbox="1048 480 1328 536">USA / Germany / PR China</p>	<ul data-bbox="1420 480 1968 826" style="list-style-type: none"> • Direct access on all range of explosion proof products (NEC / UL / ATEX / IECEX) • Material: Stainless Steel / GRP / Polyamide / Cast Aluminium • Junction box, Conduit outlet, motor starter, distribution panel, control station, customised made control panel, breaker enclosure, panel board, cast resin encapsulated Dry type transformer, etc...

The Enclosure People Pte Ltd

Non-Stone (Taiwan)

Taiwan

- Product mostly for Industrial & Weather proof IEC enclosure
- Material: Mild steel / Stainless steel / Aluminium
- Strong in customisation with additional design change

The Enclosure People Pte Ltd

Rittal Singapore Pte Ltd

Germany / China /
India / USA

- For Industrial & weather proff IEC & NEC enclosure
- For Industrial Switch rack
- Material: Mild steel / Stainless steel / Polycarbonate / GRP

The Enclosure People Pte Ltd

Ensto Groups

Finland / Estonia

- For Explosion proof ATEX & IECEX & Industrial weather proof enclosure
- Material: Mild steel / Stainless steel / GRP / Polycarbonate / ABS
- Fire protection Junction box
- Ensto Clampo terminals specially developed for the nominal current of terminals ranges between 17.5 and 730A and the nominal insulation voltage varies from 400 to 1000V
- These are suitable for both aluminium and copper conductors.
- Local break switches certified according to EN 60947-3 and UL Listed motor controllers suitable as motor disconnect (UL 508 File # 164205)
- Fuse bases cover ceramic single fuse bases and fuse blocks for Diazed fuses sizes DII (max 25A) and DII (max 63A)

The Enclosure People Pte Ltd

Akron Electric

USA

- For Explosion proof NEC, ATEX & IECEX Cast Aluminium Junction box, control panel, motor starter junction box, control station panel, panel board, circuit breaker enclosure & conduit outlet box

The Enclosure People Pte Ltd

Coelbo

Italy

- For Explosion proof ATEX & IECEX Ex'd cast aluminium junction box, control panel, conduit outlet box

The Enclosure People Pte Ltd

Marbore

France

- Customised on weather proof and hazardous areas enclosure from wall mount to floor standing
- Enclosure suitable for different standards in hazardous area according to Directive 94/9/EC and the new Directive 2014/34/EU of Feb 26, 2014
- Complete solution for Ex p, Ex nA, Ex e & Ex d
- Material: Mild steel / Stainless steel

The Enclosure People Pte Ltd

Pepperl + Fuchs Pte Ltd

USA

- For explosion proof ATEX Ex'd Stainless steel and Cast aluminium enclosure
- Hazardous enclosure suitable for control station, conduit outlet box, control panel
- Bebcu purge system

Weigmann

USA

- For weather proof enclosure
- NEMA / IEC standard for Non-metallic, standard, modified
- Material: Mild steel / Stainless steel / Aluminium

The Enclosure People Pte Ltd

Federal Signal

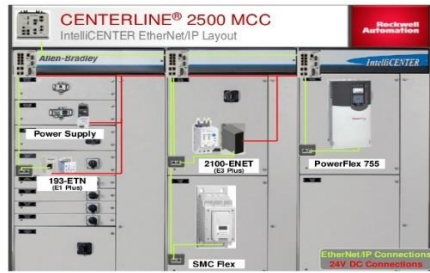

USA

- Provide warning beacon lights to sirens and strobes, visual signalling devices and communication systems
- Security systems
- Total solutions – industrial / Hazardous

The Enclosure People Pte Ltd

Rockwell Automation

USA

- LV MCC : Centerline 2500 (IEC)
- LV MCC : Centerline 2100 (NEMA)
